PROFESSIONAL EXPERIENCE

Business Intelligence Analyst — Intern | **Talentpace** *Jun 2025 - Mar 2026 • Bengaluru*

- Designed and delivered 3 Power BI dashboard modules (Finance, Retail, IT) for Himalaya Wellness Company, enabling real-time stakeholder reporting across business units.
- Resolved Galaxy Model filter-direction and relationship issues across 10+ tables, eliminating cross-filter conflicts and restoring accurate data aggregation.
- Validated Power BI outputs against SSMS back-end data, ensuring 100% accuracy of financial KPIs and retail metrics prior to stakeholder delivery.
- Built data pipelines using Microsoft Fabric Dataflow Gen2; developed drill-through pages in Direct Lake mode for granular transaction-level insights.
- Optimized DAX measures, star-schema models, and report performance; maintained documentation of logic, measures, and data definitions for future enhancements.

Business Analyst — Intern | **AI Variant** *Jun 2024 - Sep 2024 • Bengaluru*

- Built Power BI dashboards visualizing key business KPIs and trends to support data-driven decision-making for internal stakeholders.
- Cleaned and transformed large datasets using Advanced Excel (Power Query, VLOOKUP, Pivot Tables), improving data quality and reporting accuracy.

KEY PROJECTS — CLIENT: HIMALAYA WELLNESS COMPANY | STACK: POWER BI · MICROSOFT FABRIC · SQL · SSMS

FB Dubai — Finance BI Dashboard — Client: **Himalaya Wellness Company** *Jun 2025 - Mar 2026*

- Developed and customized financial reports per client requirements; optimized DAX and data models, corrected KPI definitions, and eliminated discrepancies flagged during UAT.
- Implemented dynamic slicers and parameter-driven visuals to enable self-service filtering for finance stakeholders, reducing ad-hoc report requests.

Retail Analytics Dashboard — Client: **Himalaya Wellness Company** *Jun 2025 - Mar 2026*

- Refined pre-built reports by restructuring measures, calculated columns, and star-schema relationships; validated SSMS data against Power BI outputs for full data integrity.
- Performed end-to-end data quality checks on retail sales and inventory datasets, identifying and resolving calculation inconsistencies before production deployment.

FB IT — IT Operations Dashboard — Client: **Himalaya Wellness Company** *Jun 2025 - Mar 2026*

- Fixed Galaxy Model relationship issues; developed drill-through pages in Direct Lake mode; validated directional data flow end-to-end against source definitions.
- Documented report logic, filter hierarchy, and data flow to support future maintenance and onboarding of new team members.
